*Announces a Noon-time Event Featuring:*

**Managed Competition Overview  
By Barbara Lamb**

The National Management Association is proud to present this informal and educational event featuring Barbara Lamb, a Program Manager from the Business Office, which is responsible for implementing critical management reforms in the City including reengineering efforts and Managed Competition.

Managed competition provides a structured, transparent process that allows an open and fair comparison of public sector employees and independent contractors in their ability to deliver services to our citizens. The Managed Competition program has been very active over the last year and a half. The presentation will provide an overview of the process and provide an update on the competitions that have been completed so far and on those that are currently underway or about to start.

**Date:** Wednesday, February 29, 2012

**Time:** 12:00 to 1:00 p.m.

**Where:** Civic Center Plaza 14th Floor Conference Room
